## Accessible services

Routes so marked will generally be serviced by a fully wheelchair accessible bus. Periodic maintenance may affect availability, please check prior to journey.

## Late running buses

Every effort is made to run services on time, occasionally, due to circumstances beyond our control, our buses may run behind schedule.

## How to use this guide

- 1 Find the two timing points you are located between on the map.
- 2 Locate these two timing points on the timetable.
- 3 Your bus is timetabled to arrive between the times shown for these points.

For example, if your street is between **A** and **B** on the map, the bus timetabled to arrive between the time listed for **A** and the time listed for **B**.

Riding the bus is easy; thousands of people make it their preference everyday. The first step is to select which service is best for you. This can be done by looking at your local bus stop, checking the destination signs on your local buses, asking friends, obtaining a timetable or giving us a friendly call on 6372 2489.
